### Request for permission to display a driver information poster

RideShare Genesis is a Kenyan ride-sharing platform that helps licensed matatu, PSV and taxi drivers fill empty seats on return trips and off-peak runs. Riders book a seat in advance at the fare the driver sets. Joining is free, drivers keep 90% of every fare, and every trip has an in-app SOS.

We respectfully ask your permission to put up **one A4 poster** (English and Kiswahili, with a QR code) at the place named above, in a spot you choose, for a period you decide. We will remove it at any time on your request. We are also glad to explain the app to your drivers in person.

### Ombi la ruhusa ya kuweka bango la habari kwa madereva

RideShare Genesis ni jukwaa la Kenya la usafiri wa pamoja linalowasaidia madereva wa matatu, PSV na teksi wenye leseni kujaza viti wazi kwenye safari za kurudi na saa zisizo na abiria wengi. Abiria wanahifadhi kiti mapema kwa nauli anayoweka dereva. Kujiunga ni bure, dereva anabaki na 90% ya kila nauli, na kila safari ina SOS.

Tunaomba kwa heshima ruhusa yako kuweka **bango moja la A4** (Kiingereza na Kiswahili, lenye QR code) mahali palipotajwa hapo juu, sehemu utakayochagua na kwa muda utakaoamua. Tutaliondoa wakati wowote utakapoomba.

Asante sana / Thank you,

Shingy Mupesa
